Board of Secondary Education
percentage:75%

PROJECT

"PREVENTION OF SQL INJECTION USING HASHING ALGORITHM"
- SQL injection can be used for unauthorized access to a database to penetrate the application illegally, modify the database or even remove it. So we try to propose a solution to the above problem by preventing it by using a " Hashing algorithm". It has better performance and provides increased security in comparison to the existing solutions

STRENGTHS

- Hard working and Positive Thinking
- I Can Survive in any Environment
- Quick learning.
